6 April 2020

Ms Greta Perry  
President  
Water East Timor  
P.O. Box 810 Warrnambool, 3280  
**By Email: [watereasttimor@gmail.com](mailto:watereasttimor@gmail.com)**

Dear Ms Perry,

I write this letter to present my compliments to you and thank you for the valuable work you are carrying out through Water East Timor (WET).

As you rightly mention, access to clean water and proper sanitation is critical to achieving improved health outcomes for the citizens of Timor-Leste. A safe, clean water supply is especially critical now as Covid-19 threatens our country, and regular handwashing provides the most powerful defence. Your work will undoubtedly have a significant impact on health outcomes in Timor-Leste, particularly in rural villages.

I look forward to the opportunity to meet members of your organisation in Melbourne once the situation regarding Covid-19 improves.

Yours sincerely,

Ines Almeida  
Timor-Leste Ambassador to Australia
